

## AYHD Newsletter

January 2026

Welcome to our monthly newsletter series providing you with all updates from the Association for Young Historical Demographers! The AYHD newsletter keeps you up to date with events, conferences, and vacancies in Historical Demography and other related fields. It also gives you a chance to publicize your research or events to a diverse audience. If you would like to contribute to the newsletter, you can email Emma ([egd28@cam.ac.uk](mailto:egd28@cam.ac.uk)). Visit [our website](#) to sign up for future newsletters and get further information about the association. You can also find us on Twitter and BlueSky.

### From the AYHD Board

#### Summer School at Cambridge University

The Cambridge Group for the History of Population and Social Structure organises the ESHD Summer Training School: ‘Micro-Census Insights into Historical Households, Mortality and Fertility.’ It will take place 6-17 July 2026 in Cambridge. Young/early career historical demographers are encouraged to apply! Some funding is available for PhD students or recent graduates. The application deadline is 2 February 2026, more info below!

#### “One Epidemic, Many Estimates” (1EME)

One of our Board members, Hampton ([h.g.gaddy@lse.ac.uk](mailto:h.g.gaddy@lse.ac.uk)), is organising a workshop following a “many analysts” project on excess mortality modelling. Even if you did not participate in the project, you are invited to apply before 15 March! The workshop will take place at the London School of Economics on 21–22 May 2026 (bursaries available) and to contribute to a joint journal article that reports the excess mortality estimates and recommends best practices. You can find out more details [here](#)!

## Spotlight Article

Every newsletter we will spotlight one article or working paper by a young historical demographer or researcher in an adjacent field. Would you like to have your work shared or do you know a recent paper that deserves to be spotlighted? Send an email to Joris (joris.kok@iisg.nl) with information on the research you would like to see shared.

This newsletter's spotlight article is:

### **Rural matriarchs: hypogamy, kinship networks and female agency in 19th-century Frisia**

Published in *The History of the Family* by Boike Teunissen (University of Groningen).

You can read the full article here: <https://doi.org/10.1080/1081602X.2026.2613994>.
